A better way to a better workplace. Freeway.

freeway

sophisticated & refined

The Mode chair looks both classic and contemporary in 21st century interiors. Their clean lines make them appropriate for all kinds of places. Executive models feature individually upholstered cushions and all models feature stainless steel tubular frames - truly timeless.

Its aesthetic form is not coincidental: your body was the template for the Mode chair's lithe silhouette. Its luxuriously padded seat and back, closely parallels that of the human body.

Features:

- Synchronised tilting mechanism with weight specific tension control
- Luxurious upholstered cushions and removable leather arm covers
- Mirror finish stainless steel frame and removable armrests with hidden fixings
- Fully sprung seat base for outstanding comfort and support
- Complete family - highback, midback and visitor
